

Dear colleagues!

**We invite you to publish your articles in a
Hungary scientific journal**

“The scientific heritage”

Issue № 35 (35) issue date 24.05.2019

The Journal is registered in Hungary.

Periodicity: monthly

“The scientific heritage” is interesting for students, postgraduates, candidates for a higher doctor’s degree, scientists of multiple disciplines and research scientists from different institutions. The journal publishes articles, reports and messages about advances in different scientific fields. It is a dedicated channel for information exchange between European countries and the rest of the world. Now anyone can show the results of their work to international community of accomplished scientists and scholars.

Digital version of the journal is distributed for 10 days after the deadline for material for a new issue.

To publish an article the author must meet following demands:

- 1. Fill in an author blank** to input data into the list of authors of current issue.
- 2.** Prepare the article in a “.doc” or “.docx” format, fix it according to formatting rules, then send an e-mail with an article to editorial office at public@tsh-journal.com. We recommend you to send an e-mail from the address specified during the registration.
- 3.** As soon as an article is accepted for a review we’ll notify you via e-mail. This process takes 2 business days at most.
- 4.** Pay for a publication is scientific journal. You can find detailed information is **“Publication price”** page.
